Johnette Technologies Pvt Ltd, India

A-38, Sector 67 Road

Block-A, Sector 67

Noida (UP) - 201301

*Dear Sir,*

1. On behalf of our team, I would like to extend our sincere appreciation for the outstanding military-grade drone training provided by Johnette Technologies.
2. Your willingness to travel all the way to our location with your team of expert instructors and conduct hands-on, real-life mission planning and execution speaks volumes about your commitment and professionalism. The training went far beyond basic piloting skills and offered our personnel a first-hand understanding of drone operations in an operationally relevant, mission-driven context.
3. What truly set Johnette Technologies apart is the rare and in-depth understanding of military operational requirements, a quality sorely lacking in the many drone training setups currently available across the country, most of which cater solely to civil applications. The training delivered was not only impressive but also highly impactful, thus laying a strong foundation for our pilots.
4. We look forward to building upon this partnership and enhancing our cooperation and coordination in the times to come.

*With warm regards .*

*Yours sincerely .*

*Anmol*
